

Timer Tone Issue Fix - Timers Not Being Picked Up on Zoom

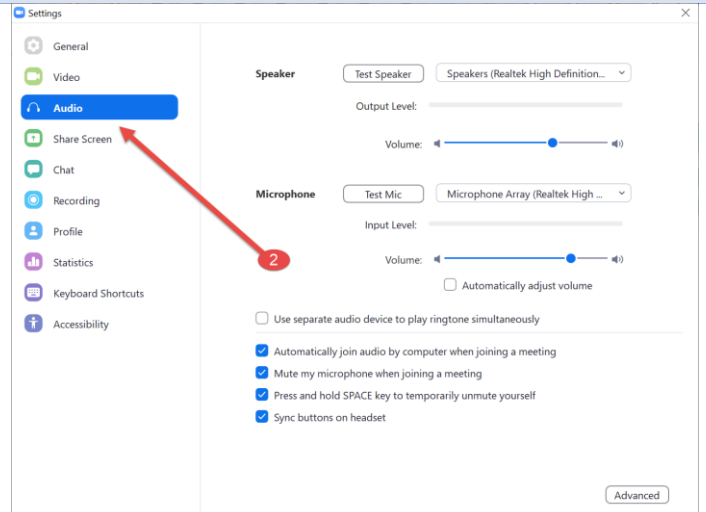

(For Apple Devices & Windows PC Only)

Using a Windows PC:

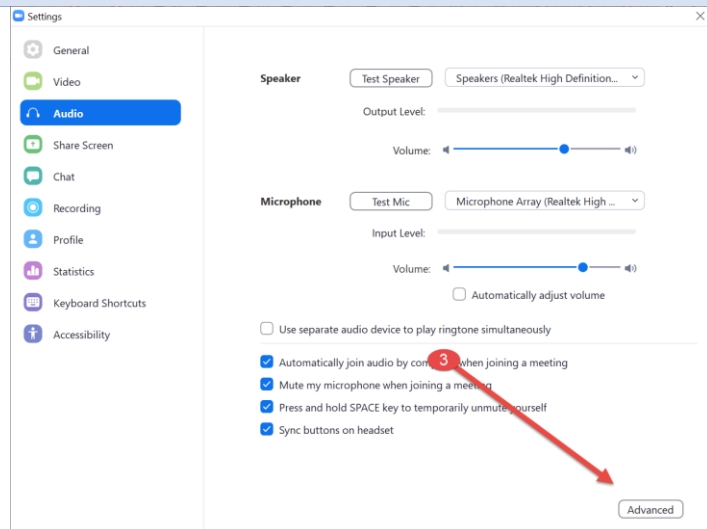

open Zoom app, click on the gear (**Settings**)

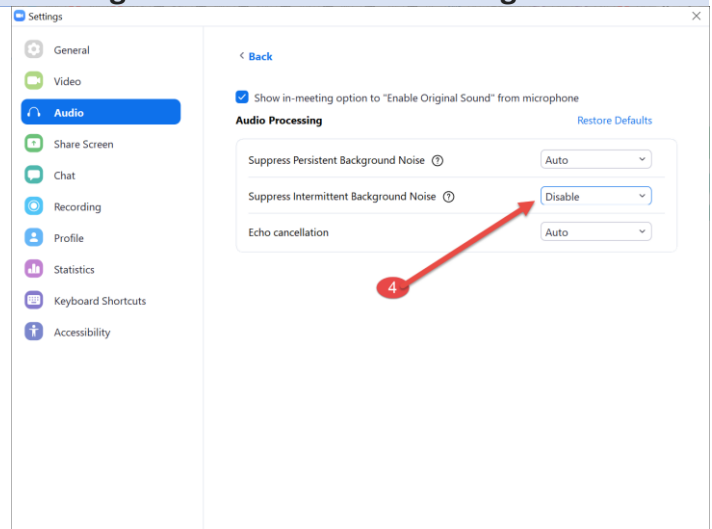

click on **Audio**

then click the **Advanced** button

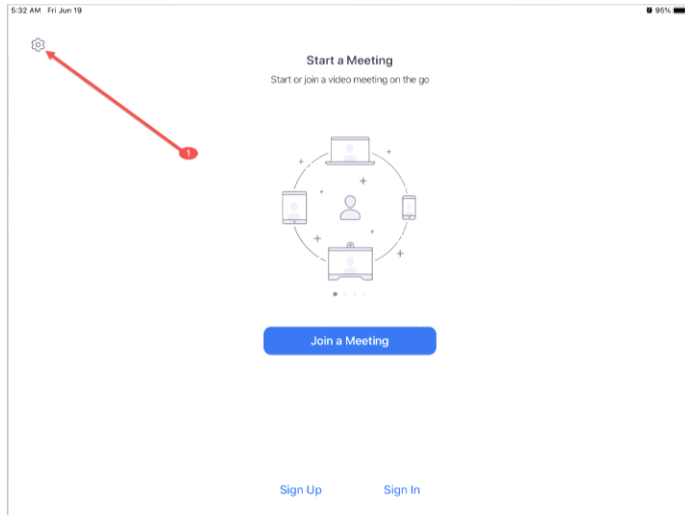

change '**Intermittent Noise**' setting to **Disable**

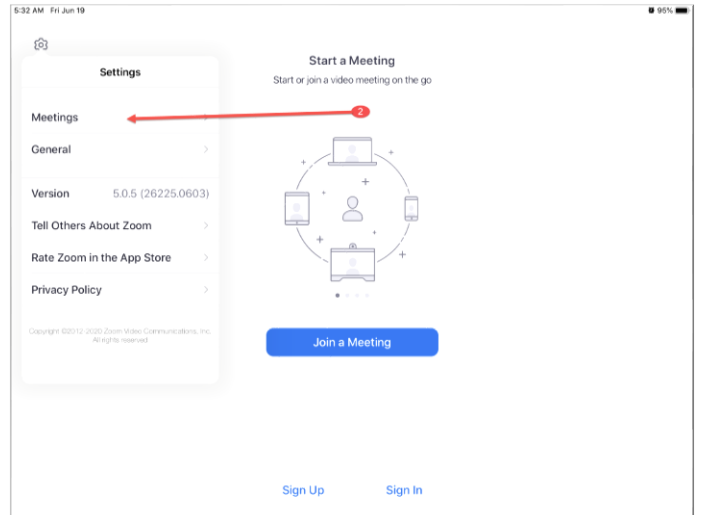

Using an Apple Device:

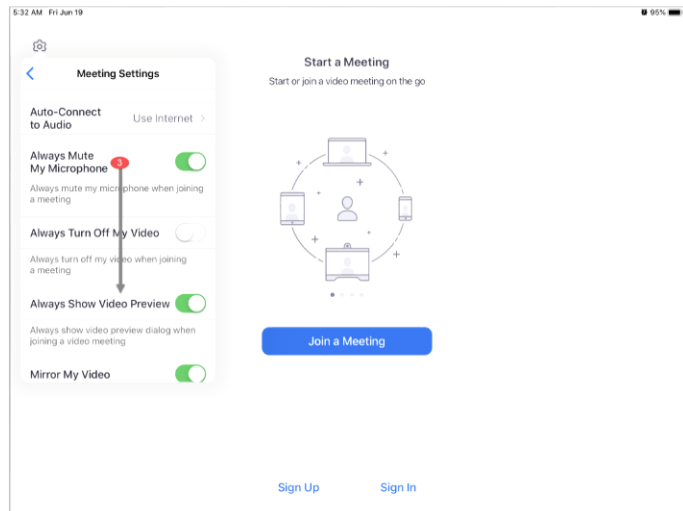

open Zoom app, click on the gear (**Settings**)

click on **Meetings**

from this menu, scroll down to **Use Original Sound**

turn on **Use Original Sound**
(which turns off Zoom's noise suppression)
